General			
Quarantine or isolate	There are no government restrictions in place at the time I buy the policy to travel to my destination, but I'm required to self-isolate or enter a quarantine facility for 14 days on return from my trip. I no longer wish to travel and want to cancel my holiday. Am I covered?	No. If your trip is impacted by quarantine restrictions at any time, no cover is provided.	Not covered.
Quarantine or isolate	I intended to travel to a country which is quarantine-free but am not a permanent resident of the country from which I am departing. Is there provision to claim for being denied re-entry or for the cost of cancellation due to being refused immigration clearance from either the destination country or the country to which I had planned to return?	No. There is no provision to claim for this situation under your policy. It's up to you to confirm with the relevant immigration authorities that you hold the applicable class of visa(s) to permit your entry into and return to any nominated country.	Please ensure you research thoroughly and obtain guidance from official sources and the appropriate government agencies.
Insolvency	My travel provider or airline goes into administration due to the pandemic. Can I claim for refunds under my travel insurance policy?	Check your PDS to see if your policy has the Travel Service Provider Insolvency benefit. If the benefit applies, we don't look at the reason for the "Insolvency" (as defined in the PDS) so insolvency is coverable if there was no indication that the airline was in trouble when you bought the policy.	There is no cover for known events.
